

# CARROLL COUNTY HIGH SCHOOL

## May 2019 NEWSLETTER

### From the desk of the *Principal*

Panther Family,

It is with great pride and excitement that I write to you as your new principal here at Carroll County High School. I am honored to have the opportunity to lead a school with such a rich tradition and community support! I have been dedicated to youth and education for more than sixteen years. I have worked with students all over the US and internationally through missions and education. I spent 14 years working in youth ministry, 9 of those as a youth minister. Those experiences allowed me to work with youth in Kentucky, California, Georgia, Louisiana, Germany, and Tanzania. I have spent the past 9 years in Lexington and Louisville working as a Social Studies teacher, instructional coach, and most recently, an administrator over Career and Technical education, business partnerships, and the Career Academy redesign in Jefferson County Public Schools. I am excited and eager to bring my skills as an educational leader to Carroll County High School and work with you as a partner in education to ensure your child's success.

Along with the teachers and staff, I will work hard to continue and further grow the legacy of success established by CCHS through strong relationships with parents, students, and community partners. We will focus on ensuring all students are ready for life after high school and providing them with opportunities to excel. I am a firm believer in the power of education utilizing career pathways to positively impact all students. Whether a child wants to go straight into a career or to college after high school, it is our job to work with them and make sure they are ready for both opportunities.

The remainder of this year is going to be amazing as we continue to provide experiences for our students that are rigorous, relevant, and help them build relationships while making real-world connections. As your principal, it is important to me that everyone who comes through our doors (be it teachers, students, or parents) is excited to be here! This is key in enabling us to meet the challenges of academic excellence in a positive, fun, and nurturing environment. Know that my door is always open, and I welcome your input. Please feel free to contact me to discuss any questions or

concerns you might have for the remainder of the school year.

I look forward to working with each of you as we help each student at Carroll County High School to meet their goals and have a successful transition into life after high school!

All the best,

*Joshua D.  
Covington*  
Principal
